[TBD] Please contact the tournament director if you want to host a remote weigh-in.

Remote Weigh-in Rules:

A remote weigh in may end no earlier than it's advertised time.

Wrestlers must weigh in wearing competition uniform only!

Certified scales must be used (no bathroom scales), a current USAW official must be present, and skin checks must be performed.

Any wrestler found with an improperly documented (use the correct NFHS form) skin condition on Saturday will be removed from the tournament with NO refund.

Nail clippers are to be made available at weigh in sites. Wrestlers will not be weighed in without nails being properly clipped. Hands are not to be marked because nails will be trimmed before the wrestler is weighed in.

It is the responsibility of the parents/guardian/coach/adult who brought the wrestler to the weigh-in to verify that the wrestler is in the correct division(s), weight(s), and skill classification(s). Make sure all double-entered wrestlers have their weight entered on Track in both divisions. Officials and Coaches at the remote weigh ins are requested to verify this at the time of weigh ins.

Any wrestler who is over the weight registered will be moved to the next higher weight class.

Division and actual weight are to be written on the wrestler's left arm in Sharpie marker. Please don't let the wrestler leave the weigh in area without confirming that this information is correct. Write the lowest registered division and an "R" if he is a Rookie. Do not write an "O" for open. Also write the actual weight.

All wrestlers who do not have a weight listed will be deleted from the registration without refund after the last weigh in on Friday night.
